this book provides a supportive lending hand to researchers of constitutional law worldwide about the constitutional law of bangladesh moreover this book discusses the evolution and development of the constitutional law of bangladesh over 50 years from its embryonic stage with reference to comparative constitutional law this book is a very useful resource for the comparative constitutional researchers as readers will be able to easily interpret the constitutional law of bangladesh from national regional

and global constitutional law perspectives this book celebrates the fiftieth anniversary of the constitution the first of its kind to portray the journey of constitutionalism in bangladesh comprehensively with intellectual observations and palatable recommendations for improvement this book looks back to the constituent assembly debates intention of the constitution makers and how have those dreams and aspirations have come into realities what goals have been achieved what caused some failures and what should be its future directions at such a momentous point in history it is imperative that its native and foreign constitutional authoritative voices scholarly assess the constitutional design understand the reasons for its successes and occasional failures and ventilate their views towards its progressive development to elevate it to a new height in the 21st century and beyond the book chapters discuss not only the text of the constitution and some judicial precedents rather involve in a much larger task of unveiling the interpretative approach of the constitution from a comparative constitutional law perspective this book shall project the future roadmap for the journey of constitutionalism in bangladesh throughout all chapters offering policy recommendations for the revision of the constitution

over the last two decades bangladesh has made progress in women s participation in the labor force gender parity in primary education and women s political representation areas of concern include the high prevalence of violence against women obstacles to women s access to resources and assets unequal terms of their labor engagement and impact of their overwhelming responsibility for care work the government of bangladesh has made policy commitments toward gender equality and established an institutional framework to fulfill these this publication intends to support the government in its attempt to address persisting gender inequalities and gaps through a multisector approach across policies programs and projects it provides insights into gender issues in urban transport energy and skills vocational and tertiary education and gives suggestions for strengthening gender mainstreaming in projects

bangladesh has transformed its economy over the last 2 decades graduating to

middle income status as average annual growth remained strong at 5.6 the country's goal to become an upper middle income country by 2021 will require even stronger annual growth of 7.5. 8. this study finds that the most critical constraints to growth are i insufficient reliable energy supply ii policies that indirectly stunt development of economic activities unrelated to ready made garment exports and iii insufficient security about property and land rights due in part to inadequate registry systems if policies are designed to urgently tackle these constraints bangladesh will be free to harness its potential for inclusive and sustainable growth

bangladesh one of the most densely populated countries in the world and second in south asia is known for its natural disasters floods and political violence however the country plans to become a middle income country by 2020 due to rapid economic growth led by strong and vibrant garments and pharmaceutical sectors a developing country bangladesh cannot reach its true potential if there is a weak legal system and the executive have no regard for the rule of law this book discusses and analyses the legal system of bangladesh it studies the various weaknesses and whether the judiciary of the country is really independent international experts scholars and lawyers with significant experience of working in bangladesh and at international agencies and universities examine the role of the judiciary in maintaining the rule of law in the country and the critical role it can play in strengthening democracy the chapters show the various roles played by the judiciary in promoting its independence and thereby strengthening democracy in the country the first book to analyse the role of the judiciary and the various weaknesses in the legal system of bangladesh it is a relevant case study in the context of developing countries the problems found in the legal system of bangladesh prevail in most of the developing countries in asia africa and latin america the book will be of interest to academics in the field of development studies south asian studies and asian law

this book discusses bangladesh's economic and social development that may be called a miracle since the country has achieved remarkable development progress

under several unfavorable situations weak governance and political instabilities inequality risks entailed in rapid urbanization and exposure to severe disaster risks the authors examine what led to this successful economic development and the potential challenges that it presents aiming to elicit effective policy interventions that can be adapted by other developing countries

this book offers a selection of intensely researched essays focused on the critical planning objectives and policy priorities that would enhance the promotion of inclusive growth in a developing country it has taken bangladesh as the case study it argues for rethinking of traditional policies and provides arguments and ways to reorient these toward inclusive growth and better social inclusion these involve a dedicated focus on employment and inclusion in the design of monetary and fiscal policies trade and industrial policies policies toward rural non farm employment social protection and safety net strategy and the nature of institutional and governance reforms which are imperative for ensuring inclusive growth the studies included in the book were prepared before or at the onset of the ongoing covid 19 pandemic and the unfolding economic crisis yet they provide cursory observations on its likely impact and underscore how the stated principles and policies of an inclusive growth strategy have become even more significant in the present situation bangladesh has been growing respectably during the past decade and a half and has arguably shown strong progress in several social indicators however inequality and vulnerability are rising alarmingly and the economy is beset with high levels of corruption as well as with various other governance deficits that can adversely affect future growth and social inclusion the book provides a critical assessment of how far growth in bangladesh has been inclusive both over time and in comparison to selected south and southeast asian countries it constructs a specific inclusive growth index with reference to what the study considers as the significant goals and pillars of inclusive growth bangladesh is not the only developing country that is faced with the arduous task of tackling unbalanced economic growth and of implementing the 2030 agenda

rising vulnerability inequality disappointing job growth and poor governance are also major challenges to inclusive growth for many countries in the global south therefore the appeal of this book extends well beyond the borders of bangladesh and the south asian region corresponding to sdg 8 the book is aimed at academia researchers policymakers civil society leaders as well as other national and international development practitioners with an avid interest in issues concerning growth with equity and in sync with the 2030 agenda for sustainable development in addition the book is a valuable resource for interested students of disciplines related to economics and development policy

can building toilets really affect children s growth in bangladesh this study dives deep into the connection between water sanitation hygiene and nutrition in bangladesh revealing critical insights for policymakers and practitioners explore the evidence on how wash interventions impact child undernutrition and discover why a coordinated multisectoral approach is essential to tackle this complex issue learn about the challenges and opportunities in improving water quality sanitation coverage and hygiene practices and find out how these efforts can contribute to a healthier future for bangladeshi children this report is for anyone working to improve public health and nutrition in developing countries

icts in developing countries is a collection of conceptual and empirical works on the adoption and impacts of ict use in developing societies bringing together a wide range of disciplines and contributors it offers a rich examination of digital divide and ict for development both in terms of contextual information and disciplinary perspectives

review of the progress made on the education for all program undertaken by the bangladesh government
