This book offers a big picture view of three universal themes as seen in literary representations: sea crossing tales, human-animal relations, and late father-son relationships. Seen in triptych, these writings demonstrate how passing between worlds and across cultures has become the normative human condition. Authors analyzed within a hemispheric and post-national frame include works by Ernest Hemingway, J.M. Coetzee, S. Late, Jesus, Novels, and Esmeralda Santiago's *When I Was Puerto Rican*. Fusing literary criticism, communication studies, and literary nonfiction within a writing studies framework, the book argues for the inclusion in our writing of personal, institutional, and disciplinary perspectives. The book invites readers to re-imagine writing and communication styles: how can we envision and communicate the representations of between-world experiences that are all around us? What kinds of writing and communication styles can travel beyond our bubbles, engage general education students, and gain a hearing in the public sphere?

The myth of Texas origin often begins at the Alamo. This story is based on ideology rather than on truth, yet ideology is the foundation for the U.S. American cultural memory that underwrites official history. The Alamo as a narrative of national progress supports the heroic acts that have created the Lone Star State, a unified front of U.S. American liberty in the face of Mexican oppression. How Myth Became History explores the formation of national, ethnic, racial, and class identities in the Texas borderlands, examining Mexican, Mexican American, and Anglo Texan narratives as competing representations of the period spanning the Texas Declaration of Independence to the Mexican Revolution. John E. Dean traces the creation and development of border subjects and histories. Dean uses history

historical fiction postcolonial theory and U.S. Mexico border theory to disrupt official euro american histories. Dean argues that the Texas Mexico borderlands complicate national ethnic and racial differences. He makes this clear in his discussion of the Mexican Revolution when many Mexican Americans who saw themselves as Mexicans fought for competing revolutionary factions in Mexico while others who saw themselves as U.S. Americans tried to distance themselves from Mexico altogether. Analyzing literary representations of the border, how myth became history emphasizes the heterogeneity of border communities and foregrounds narratives that have often been occluded such as Mexican Indio histories. The border, according to Dean, still represents a contested geographical entity that destabilizes ethnic and racial groups. Border dynamics provide critical insight into the vexed status of the contemporary Texas Mexico divide and point to broader implications for national and transnational identity.

This book presents the LIT paradigm to help educators unlock literature with four keys to culture, language, identity, space, and time. The text includes teaching strategies, classroom examples, and texts by writers of color.

Fills a need for biblically based, thoroughly researched plays for a general audience. Is fun, laugh as members of the body of Christ sing and dance their way into your church, see others and maybe yourself in the kindness of heart, the gossip of ear, the pride of head, and the independence of eye. Honors women, lets Mary tell Joseph of the angel Gabriel's visit, recognizes Elizabeth's importance, she tells Luke 1 from her perspective. Is funny, human beings get in fixes and messes, watch how God with gentleness, humor and tough love delivers his people. Time and again encourages participation suitable for actors ages nine to ninety-nine. Fosters dialogue, each play ends with questions for discussion, shows theology in the making, do theology the godly way with boots on the ground. Consider this evangelism model: the disciples have just seen the risen Lord Jesus ascend into heaven and can't wait to tell all. Jerusalem invites imagination, the characters in Proverbs gather in the marketplace and tell simple youth a first year university student about their lifestyles which will he follow. Promotes this concept: we all play our lives on stage to an audience of one god.
